Party Packages

At Adventure Island we understand how important the birthday party is to the birthday boy or girl, they talk about it endlessly in the run up to it and often count the sleeps left before the big event!

It's their day..... it's their time..... it's their dream

We will do our very best to ensure that your day is just as special as theirs will be!

We offer a variety of party packages to suit every child's needs and all parties have a dedicated host to take a little of the pressure off. All parties require a minimum of 12 children and include play sessions and food ranging between £7 and £12.50 per head.

Please note that with all parties you will need to pay a non-refundable deposit of £50 when booking. Also you will need to confirm final numbers 48 hours before the party, whatever numbers are confirmed are the numbers that will be catered for and charged for.
